FOR A SAFER TOMORROW

WLD SYSTEMS

WATER LEAK DETECTION SOLUTIONS

SAMM Futuretech offers advanced WLD Systems (Water Leak Detection Systems) to detect and locate water leakage at an early stage, helping prevent equipment damage, operational disruptions and costly downtime.

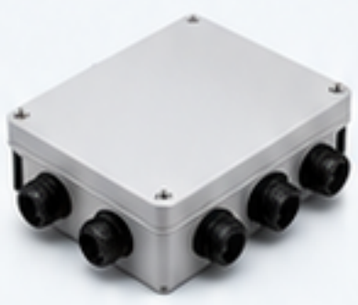

OUR WLD PRODUCT RANGE

WATER LEAK SENSING CABLES

WLD CONTROL PANELS

JUNCTION BOXES & ACCESSORIES

MOUNTING ACCESSORIES

POINT LEAK DETECTION TAPE

CABLE CONNECTORS & TERMINATIONS

KEY FEATURES

EARLY LEAK DETECTION
Detects water leakage at an early stage to prevent damage.

ACCURATE LOCATION
Pinpoint leak location for faster response.

REAL-TIME ALERTS
Visual and audible alarms with BMS integration options.

RELIABLE PERFORMANCE
Designed for continuous and long-term monitoring.

EASY INSTALLATION
Flexible sensing cables with simple mounting accessories.

WIDE APPLICATION
Suitable for critical, commercial and industrial environments.

APPLICATION AREAS

DATA CENTRES

COMMERCIAL BUILDINGS

INDUSTRIAL FACILITIES

HVAC PLANTS & CHILLER ROOMS

ELECTRICAL ROOMS

WAREHOUSES & LOGISTICS

LABORATORIES

UNDERFLOOR & CABLE TRENCHES

HOW WLD SYSTEMS WORK

SAMM
FUTURETECH
Always On. Always Delivering.

POWERING CONNECTIONS FOR A SMARTER TOMORROW

PRODUCT RANGE

CABLES FOR EVERY APPLICATION

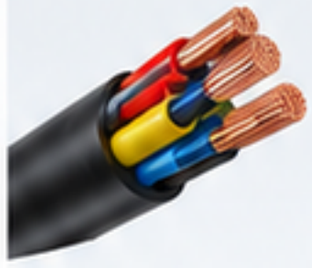

Reliable | Safe | High Performance | Future Ready

SAMM Futuretech provides a comprehensive range of high-quality electrical and data cables designed for various industrial, commercial, infrastructure and building applications.

OUR CABLE RANGE

POWER CABLES
LV | MV | HV

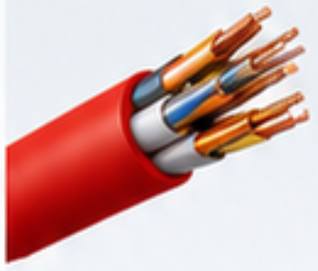

CONTROL CABLES
(MULTI CORE)

INSTRUMENTATION CABLES

DATA & COMMUNICATION CABLES

FIRE RESISTANT CABLES

RUBBER SHEATHED CABLES

SOLAR CABLES (DC)

KEY STRENGTHS

HIGH QUALITY
Reliable and high-performance cables for critical applications.

SAFETY & COMPLIANCE
Manufactured to relevant industry standards.

WIDE RANGE
Solutions for power, control, instrumentation, data and specialty applications.

DURABLE PERFORMANCE
Designed for long-term reliablity in demanding environments.

TECHNICAL SUPPORT
Application guidance and support for project requirements.

APPLICATION AREAS

INDUSTRIAL PLANTS

COMMERCIAL BUILDINGS

INFRASTRUCTURE PROJECTS

DATA CENTRES

MANUFACTURING FACILITIES

SOLAR & RENEWABLE ENERGY PROJECTS

CABLE TYPES & FEATURES

POWER CABLES
- Reliable power transmission
- Suitable for LV, MV & HV applications

CONTROL CABLES
- Multi-core for control and signaling
- Suitable for industrial automation

INSTRUMENTATION CABLES
- Low signal loss
- Shielded for high accuracy

DATA CABLES
- High-speed data transmission
- Suitable for structured cabling systems

FIRE RESISTANT CABLES
- Enhanced safety during fire conditions
- Designed for critical installations

SOLAR CABLES (DC)
- UV, weather and high temperature resistant
- Suitable for solar PV systems

SAMM
FUTURETECH
Always On. Always Delivering.

CABLE MANAGEMENT. ENGINEERED FOR PERFORMANCE.

COMPANY PROFILE

ADVANCED CABLE MANAGEMENT SOLUTIONS

RELIABLE | DURABLE | EFFICIENT | FUTURE READY

SAMM Futuretech is a technology-driven company specializing in cable tray and cable management solutions for industrial, commercial, infrastructure and building projects. We provide high-quality, durable and application-oriented cable support systems designed for safe, organized and efficient cable routing.

OUR PRODUCT RANGE

PERFORATED CABLE TRAYS

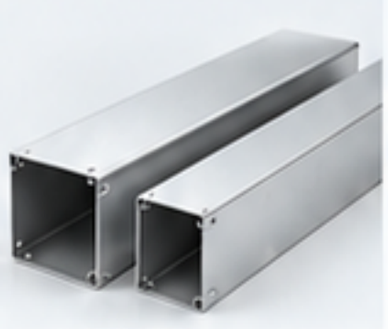

LADDER TYPE CABLE TRAYS

SOLID BOTTOM CABLE TRAYS

WIRE MESH / BASKET TRAYS

CABLE RACEWAYS & TRUNKING

ACCESSORIES & FITTINGS

WHY SAMM FUTURETECH

ENGINEERING FOCUS
Solutions designed around practical installation requirements.

ROBUST CONSTRUCTION
Developed for structural stability and long-term service.

PROJECT FLEXIBILITY
Configurations suitable for diverse routing requirements.

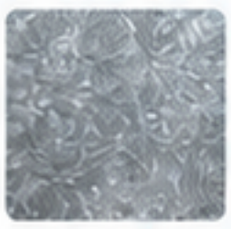

PROFESSIONAL FINISH
Consistent fabrication and finishing for clean, organized installations.

COMPLETE CABLE MANAGEMENT
From straight sections and bends to couplers, supports and accessories.

MATERIAL & FINISH OPTIONS

GI / PRE-GALVANIZED

HOT-DIP GALVANIZED

STAINLESS STEEL

ALUMINIUM

POWDER-COATED FINISHES

APPLICATION AREAS

- INDUSTRIAL PLANTS
- DATA CENTRES
- COMMERCIAL BUILDINGS
- INFRASTRUCTURE PROJECTS
- POWER & ELECTRICAL
- MANUFACTURING FACILITIES
- HVAC & MEP INSTALLATIONS
- SOLAR & RENEWABLE ENERGY PROJECTS

OUR APPROACH

DESIGN › ENGINEER › MANUFACTURE › DELIVER

Your Partner for
Reliable Cable Management Solutions.

Always On. Always Delivering.

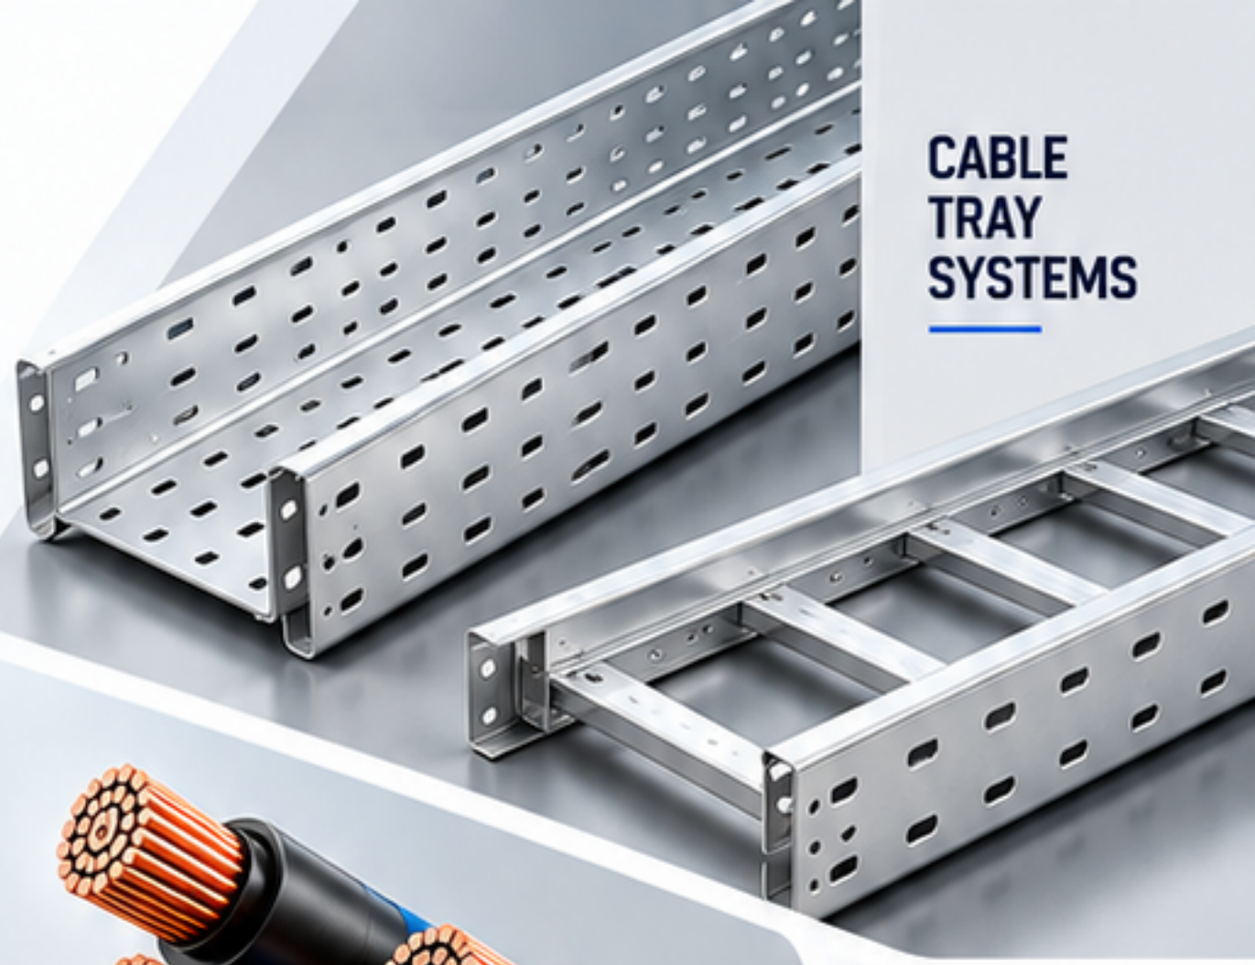

SAMM
